## Informed Consent Letter for Youth Programs

Congratulations on considering Rocky Point Kayak's camp for your child. Rocky Point Kayak has been running successful, safe and fun kayaking & SUP programs since 2000. The goal of all our programs is for every participant to enjoy being in an ocean kayak, canoe and stand up paddleboard.

All our participants must wear Canadian Coast Guard approved personal floatation devices. We combine both beach and on water activities with our youth programs. Programs are run in calmer conditions, but conditions may change unexpectedly. If such an event occurs we will not paddle but will fill the time with other dry land activities or at last resort an indoor activity.

All our Instructors are **Paddle Canada** certified. Instructors may recall a group or individual off the water if conditions dictate. Some of our criteria are:

1. Unsafe paddling conditions (wind and waves, thunder storms, lightning and/or water quality advisory posted at Old Orchard Park)
2. Behaviour challenges (participants not following Instructors' directions)
3. Program not appropriate for particular participants

We have other activities planned if in-climate weather occurs, so please pack your child the following items everyday:

- \$3.00 for our Rocky Point Pool excursion (we will collect this **once** at the start of camp)
- Hat & sunscreen
- Wet weather gear (rain jacket w/ hood, extra clothing is a must, please avoid cotton)
- Swimming suit with towel
- Lunch and snacks and plenty of water
- Running shoes and good fitting sandals or water shoes
- Wetsuit (otherwise we will provide one)

If you see something that concerns you while you are at our facility, then please bring this to the attention of the attending Instructor or myself. We are sure that your child will have an enjoyable experience with Rocky Point Kayak. Feel free to come down at any point during the day to take pictures or follow up with your son or daughter.

Thanks for enrolling your child in our programs.  
Jamie Cuthbert  
Owner (Paddle Canada Certified Instructor)
